

President's Message

Dear Guild Members,

At our meeting last month, I was so happy to see many of our members create exceptional art in under 20 minutes during Diane Robben's hands-on program. Diane's former educational experience was spot on while helping all of us navigate the time and weather constraints of Plein Air art.

This month's Artist of the Month (Missouri/Ozark Landscapes) should be well represented. After all, we just have to look out our back door for inspiration. I challenge every artist to have an entry, myself included!

I would like to bring your attention to a current event that is opening at Crystal Bridges Museum of Art, August 31 through Jan 1, 2023. The event is entitled, "The Listening Forest", by artist Rafael Lozano-Hemmer. The North Forest evening exhibition brings together eight immersive installations, each one activated by you: your heart rate, your body, your voice and your movements direct the forest's response. I had the pleasure of attending one of the North Forest "Lights" a few years ago and it was a wonderful experience, I'm sure this exhibit will be delightful as well.

Take the time to be creative; it is good for your soul.

Thank you,
Linda Edge-Dunlap
President

Membership: LaVerne Hetzel announced that we now have 68 members. We had two new members in attendance. Janet Wood, (oil) and Jane Ballard, (photography). We also had one visitor.

Gallery: Diane Robben asked those working the gallery to help the person who works the gallery the following day by making sure there are enough one and five dollar bills in the drawer. Or when you make your reminder call, let that person know if they need to bring whatever the cash drawer is short on. She reminded members who had vouchers to use them by the end of the year as well as making sure donations were caught up by the end of the year.

Diane informed the guild members that there is a Dry Mount Press that is not to be used at this time until proper training is completed due to the fact that it is a high heat machine.

Diane also stated that the Gallery will remain open during the Fall Show dates. The Artists participating in the Fall Show may not remove everything off their Gallery panels.

The Gallery feature panels for October will represent "Fall Colors" and December will be "Winter."

The next panel rotation will be the day after the Fall Show, October 3rd.

Learning On Wednesday: Rick Cagle informed the Guild that the library has a feature called "Learning On Wednesday". He encouraged members that if they wished to participate it would provide an opportunity to show the public what they do. It is designed for individuals to demonstrate or give talks

or even instruction on any topic. It is the second Wednesday of each month and is held at Kimberling Area Library.

Fall Show: Jan announced that there were a couple of spaces still available. She had provided pricing labels to those participating. The room will be ready for participants to begin setting up by 10:00 am on Thursday the 29th. No one is to begin to break down their display before 4:00 pm. October 2nd. The top five sellers from last year should have their donated artwork turned in that will be in the drawing. The artwork will be hung in the Gallery and will be on the website for everyone to see which one they want to draw for. Jan stated that there are some metal grids in the Gallery for sale if Fall Show participants want to purchase them if they are needed.

Slate of Officers: Jan presented the slate of officers as follows:

President – Linda Edge-Dunlap

1st Vice – Jan Rosenburg

2nd Vice – Paula Buzenius

Jan informed the membership that the slate would be printed in the newsletter and that nominations would again be called for at the September Guild meeting. The officers will be voted on at the September meeting

Publicity: Diane explained how important it is for organizations to get hits on the internet. She explained that the more times you visit our website it boosts us up closer to the top of the list of similar websites. This makes it more likely for people to find us and therefore visit us. So, she encouraged members to visit our website often therefore boosting us closer to the top of the list.

Linda Edge-Dunlap reminded the membership that Jim also needed bios so he could put those on the website along with images of some work.

RED OAK II

Red Oak II was actually the brainchild of artist Lowell Davis who grew up in the “real” Red Oak, Missouri, about 18 miles northwest of the “new” Red Oak II. The original Red Oak, like many other rural agricultural towns across the country, started to fade sometime after World War II, when people began to move to the cities in earnest.

After Davis had left the area for a number of years, he returned in the 1970s to find his hometown had become a ghost town. In 1987, Davis was living on a farm near Carthage that was little more than an empty cornfield. His creative inspiration soon led him to turn his acreage into a tribute to his hometown and before long Red Oak II was born. He began to buy homes and businesses from the original townsite and other rural ghost towns, painstakingly moving them to the site and restoring them to their original “grandeur.
